# The Vision

---

At BTYC; We are passionately shaping the future of athletes by providing them with a unique competitive pathway to excel in the world of trampolining & tumbling. Our commitment to offering quality coaching, individually designed athlete programming, and an unwavering support system is what sets us apart and propels our athletes towards success.

We are dedicated to helping athletes achieve their goals in T&T whether that is learning new skills, working towards competing in the national stream or aiming higher. By fostering a fun and supportive environment. Our structured programs focus on enhancing flexibility, strength, and gymnastics skills.

# Squad Structure

Athletes are in classes based on their gymnastics ability. Higher level athletes train more hours each week. The minimum training hours expectation for each group is specific to what BTYC coaching staff deem to be the best structure for safe and competent skill display at competition for that specific level of gymnastics.

## Competitive Stream & Development Stream

Our Competitive Stream is for athletes training and competing at various levels, focusing on skill progression, strength, and execution, Catering to gymnasts from entry-level competition all the way through to state level gymnastics.

Our Development Stream is designed for athletes with performance mindset, This stream includes Future HP, HP, and State Squad Blue, with a focus on long-term development, advanced skill progression, with aiming for state or international-level competition preparation.

## Competition Readiness

Competition readiness is essential for athlete success, ensuring they are physically, technically, and mentally prepared to perform at their best. Our coaches carefully assess each athlete's progress, considering their skill execution, consistency, and overall readiness before making competition decisions.

For athletes aiming to compete at Level 5 or above, selections are made with great thought, as these events serve as trials for the state team. Every decision is made in the best interest of the athlete, prioritizing their development, safety, and long-term goals. We are committed to providing the best opportunities for our athletes while maintaining high standards for competition readiness.

Coaches decision is final, all parents must respect the choice made by head coach and competitive coaches in relations to level selection, all decisions are made in best interest of the athletes T&T pathway

# Squad Expectations

---

## Attendance

Gymnasts in the T&T Program have an 85% attendance requirement for training and competitions throughout the year. Athletes in the T&T program have scheduled training during the holiday period. It is imperative that athletes attempt to attend as many classes as possible, as even two weeks out of the gym can lead to significant loss in training.

Athletes are expected to attend all scheduled training sessions required to maintain their squad placement. If an athlete is unable to meet the required hours, a meeting with the Program Manager must be scheduled to discuss the situation. During this meeting, the athlete's training hours will be reassessed, and the reasons for the reduced attendance will be reviewed.

***It is also important that athletes arrive at training on time, as the warm-up segment of training is a crucial part of injury prevention. Athletes who have not had adequate warm-up are more likely to injure themselves. This section of the class is also important for the focus of the athlete as it sets the tone for the entire training session.***

## Line Up

Athletes must also arrive 5 minutes before the start of class as "Line up" (The beginning of class where the Coach addresses the athletes and run through the plan for the session) happens at the start of class. If a class starts at 5pm, they must be lined up down on the floor at 5pm sharp.

## Athlete Expectations and Behavior in Squad Class

As a member of the squad, athletes are expected to demonstrate dedication, respect, and a strong work ethic. This means arriving on time, fully prepared for training, and giving their best effort in every session. Athletes should be focused, listen carefully to their coaches, and follow instructions promptly. Respect for teammates, coaches, and the training environment is essential—positive attitudes and supportive behavior to help create a productive and encouraging atmosphere for everyone. Additionally, athletes must take responsibility for their own progress by maintaining discipline, setting goals with their coach and striving for continuous improvement both inside and outside the gym.

## WHERE & WHEN WILL T&T ATHLETES COMPETE?

# Communication

---

A vital key to the success of any program at our Club is 'parents'. From the commencement of the term, we endeavour to establish effective methods of communication between the Club, Coaches and parents. This helps to ensure a clear understanding of Club program expectations, protocols and policies. To achieve this, we hold meetings each year with squads and their Coach to ensure that families are well informed and able to be part of each athlete's learning experience at BTYC.

Should you need to meet with your Coach, please arrange a time either before or after a training session. Under no circumstances should the Coach be approached during a training session.

BTYC has a policy to deal with the handling of complaints. In the event that you wish to make a complaint, please speak with your child's Coach in the first instance. If the matter is unable to be resolved, or it's not appropriate to speak with the Coach, the matter should be raised with the relevant Program Manager. Options for further escalation can be outlined at this point, if needed to the General Manager.

If the matter relates to Child Safety, please contact the office on 9841 4773 to be directed to our Child Safety Champions. For Member Protection Information please contact Paula Hay, who can be contacted at [paula@btycgymnastics.org.au](mailto:paula@btycgymnastics.org.au)

## Social Media

---

BTYC Gymnastics understands that many gymnasts may have access to social media/social networking platforms. When used in the correct manner these platforms can facilitate connections between gymnasts when outside of the gym. This can be beneficial to the growth of friendships and the social connection of a group.

BTYC Gymnastics has a zero tolerance for bullying within our facility and our expectation is that this policy continues from inside the gym to the online platform. Any allegations of online bullying between BTYC gymnasts will be taken seriously and all involved parties will be contacted by BTYC staff so that a resolution may be reached. Any cyber bullying from one BTYC gymnast to another may result in disciplinary. In extreme cases they may include suspended or expelled from the club.

## Medical Conditions

---

BTYC Gymnastics is an inclusive Club and will invite athletes with special needs into squads if they have the necessary skills to partake at that level. We also have a comprehensive asthma policy and anaphylaxis policy to ensure that all participants are catered for.

It is essential that families advise the Club of any medical conditions prior to commencing training.

Any athlete who requires medical attention for an injury obtained within or outside of the Club, is required to supply a medical certificate and documentation from their medical practitioner regarding activities that can and cannot be completed by the athlete. BTYC are accommodating of athletes who are carrying injuries, and are happy to modify programs within guidelines by a medical practitioner.

# Absences

---

If you know you are going to be absent, we appreciate being informed so we can plan for the class appropriately. To notify of an absence please do so through the customer portal or call the office on 9841 4773

**No make up classes will be offered in 2026 for squads.** This decision has been made by management and committee due to the low attendance rates of make-up classes and high running costs. This will assist in keeping member fees as low as possible.

## TRAINING VIEWING POLICY

At BTYC Gymnastics, we value the support and involvement of our gymnastics families. We understand that watching your child's development is important, and we aim to strike a balance that supports both the athletes' progress and a positive, safe training environment.

### Viewing Guidelines

BTYC Gymnastics permits parents, guardians, and other spectators to view squad training sessions. However, we kindly request that parents refrain from watching 100% of every training session. This is to support the following key outcomes:

- Athlete Focus and Independence: Excessive observation can create performance anxiety or a reliance on external approval. Athletes perform best when they can concentrate on their coach's instructions and build autonomy in a supportive, yet non-overbearing, environment.
- Safety Considerations: Gymnastics involves complex and sometimes high-risk movements. Distractions from spectators—particularly through verbal input or gestures—can result in lapses in focus, increasing the risk of injury.
- Coach-Athlete Communication: Continuous parental presence can unintentionally interfere with the communication dynamics between coaches and athletes. Trust, clarity, and consistency are crucial for effective skill development and progression.
- Respect for Coaching Staff and Program Structure: Observing every session may lead to unintentional sideline coaching or over-monitoring, which can disrupt the session flow and limit the coach's ability to manage the class effectively.

We recommend parents drop off and return towards the end of training, or watch a portion of the session on a rotating basis (e.g., once a fortnight or at designated open sessions). This allows athletes to grow independently and builds trust in the coaching process.

### Inappropriate Spectator Conduct

While we welcome parent involvement, BTYC Gymnastics reserves the right to review spectator access if any of the following behaviour's are observed:

- Spectators distracting athletes, including coaching from the sidelines or excessive monitoring.
- Disruptive behaviour such as gossiping, arguing, or spreading rumors.
- Interference with the session, including attempts to instruct athletes or interrupt class operations.
- Behaviour that prevents coaches from carrying out their professional responsibilities.

# Parent Code Of Conduct

## TRAINING VIEWING POLICY

### Communication with Coaches

All face-to-face discussions with coaches must be pre-arranged. Urgent concerns should not be raised during training sessions. If a coach is unavailable due to back-to-back classes, you will be directed to contact the office to arrange a suitable time to speak.

### Discipline for Breaches of the Policy

Should a parent or guardian breach the BTYC Parent Code of Conduct or Training Viewing Policy, the following consequences may be applied, depending on the severity and/or recurrence:

- Verbal or written warning regarding the breach.
- Temporary removal from the viewing area (ranging from 1 to 4 weeks), at the discretion of the General Manager.
- Suspension of the parent/guardian from the club.
- In extreme or repeated cases, the athlete's membership with BTYC Gymnastics may also be reviewed or terminated.

# SQUAD DUTY REQUIREMENTS

BTYC requires the involvement of all squad families to ensure that the club can host competitions at BTYC. As part of that process, BTYC levy a nominal amount to all squad members to assist with the cost of hosting and staffing competitions.

This levy applies to all squad members from all disciplines –Men’s Artistic Gymnastics (MAG), Women’s Artistic Gymnastics (WAG), Trampoline and Tumbling and Gymstar.
